# About The Project

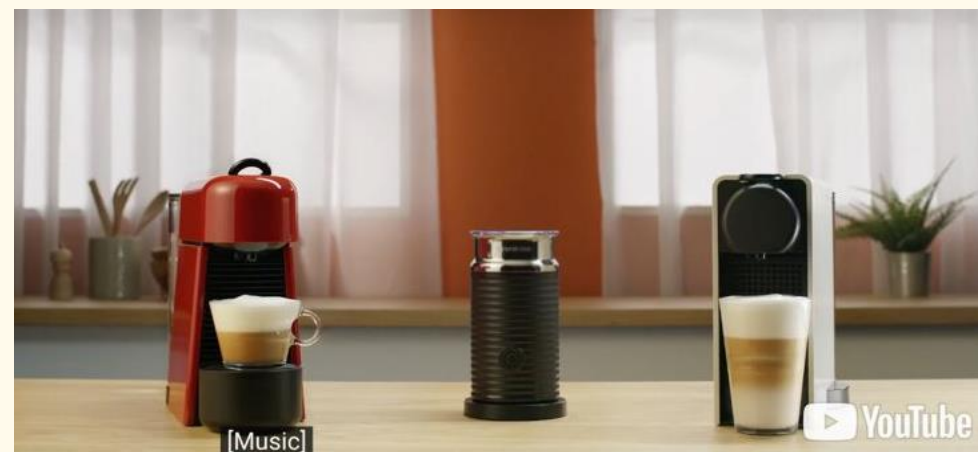

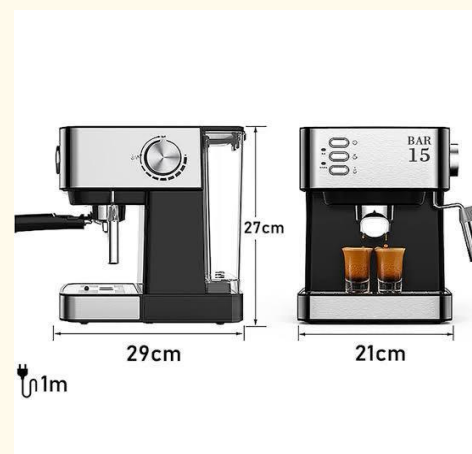

- **Story Behind The Idea**

Four of us as Product designers, were given our first chance to create a project about Product that integrated everything we have learned in this course. We proposed the idea, and the entire team were excited to take on this challenging project.

# Brainstorming

- Different Coffee Machines' Designs

# Final Concept

- Chosen Machine Design and Reference photos

# Final Concept

- Chosen Machine Design and Reference photos

## Final Concept

- **Why this Machine ?**

**It has complex clean geometry :**

It combines between straight lines and smooth curves providing interesting modeling.

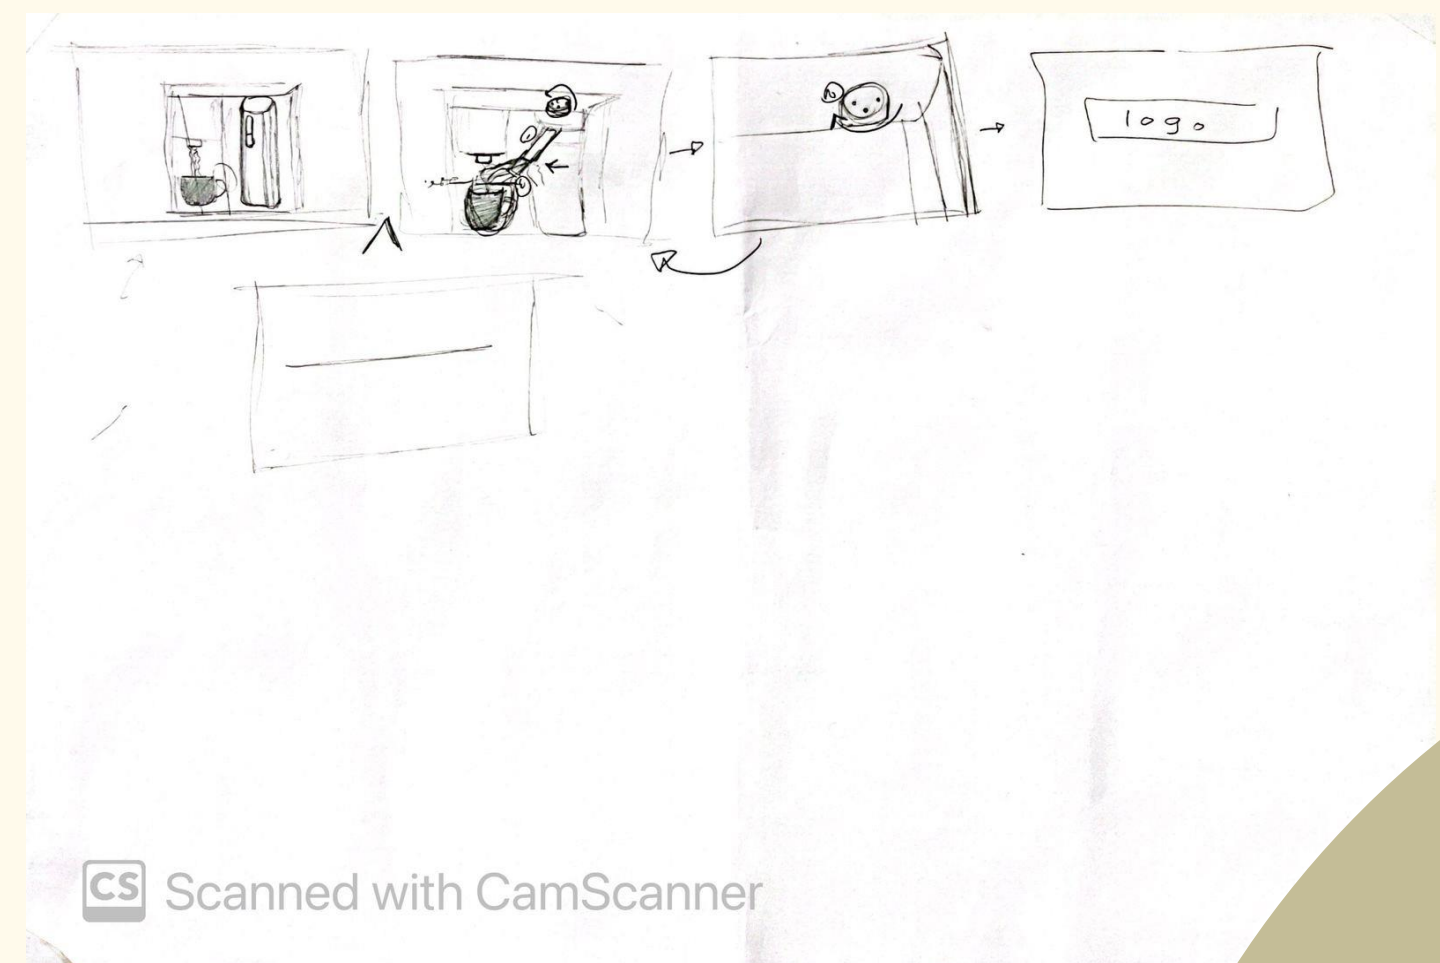

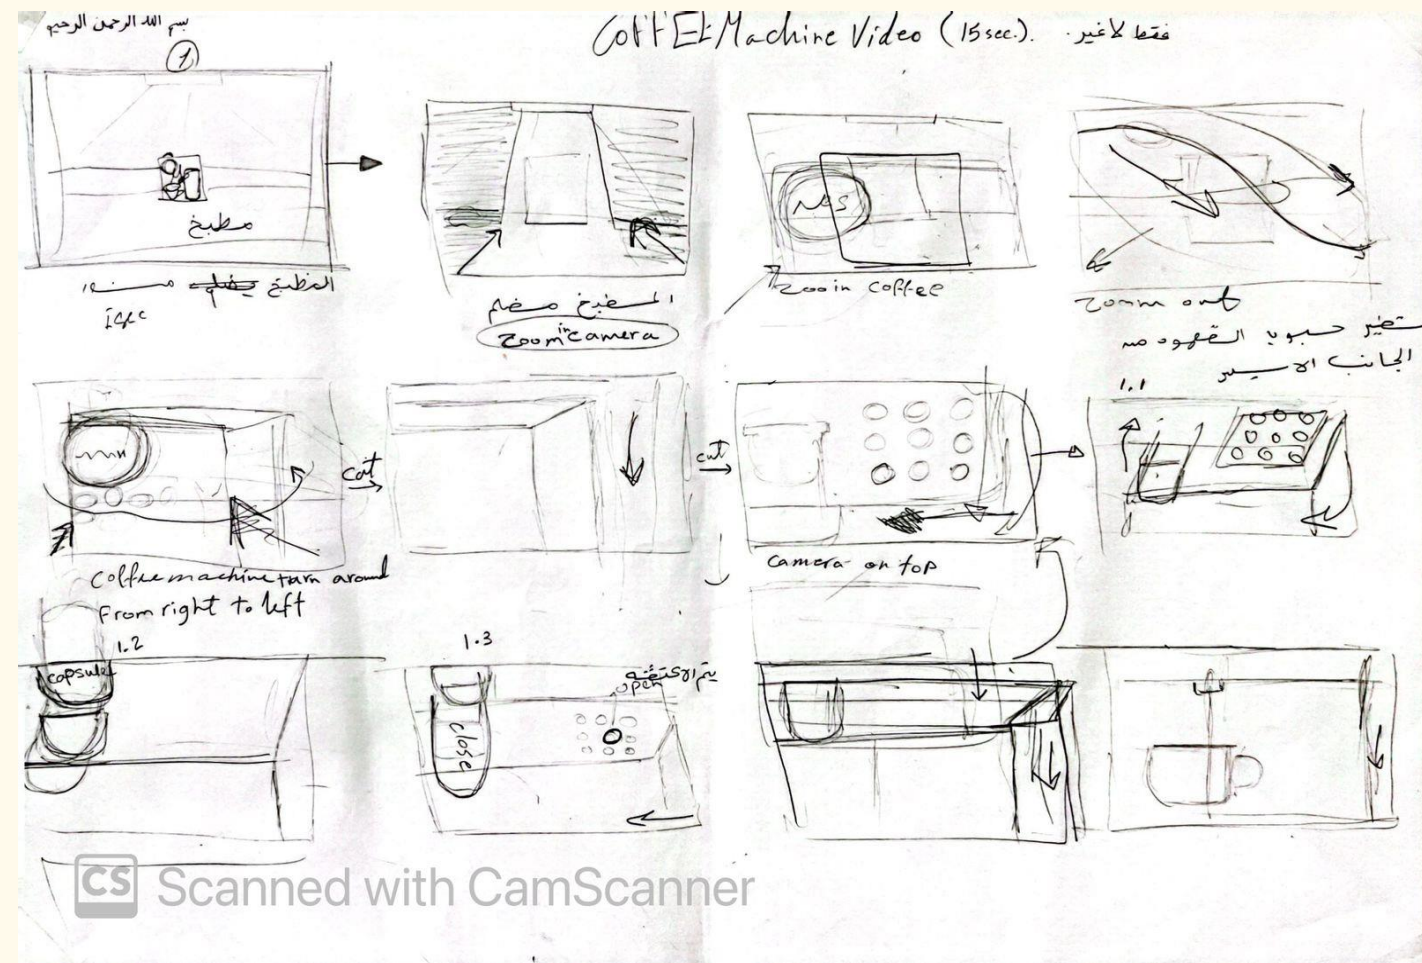

**Compact Design and minimalistic aesthetic:**

Which is pleasing to eye enhancing final rendering scene
